## LOCAL NEWS.

W. O. Mize is having his new brick house painted vermilion by a son-in-law of old Vermilion himself.

Breen's Liniment removes knots and all enlargements on horses or other stock. No cure no pay. Sold by J. T. & F. Day.

I will have a fine bay 2-year-old stallion colt at the stock sale, on June 10th, which will be sold to the highest bidder. JERRY PROFFIT.

Breen's Liniment is certainly the best combination of remedies for neuralgia, corns, pains in the back and side, etc., ever produced. Sold by J. T. & F. Day.

Notice the advertisement, this week, of the Holderby farm for sale by I. W. Mapel. It is the most valuable farm in the county and a splendid investment for any wide awake business farmer.

Rev. J. T. Pieratt will preach at the old Grassy church, on Grassy, next Saturday at 2 o'clock; at Sol. Long's school house Saturday night, and at Grassy church again at 11 a. m. Sunday.

Kelly B. Day, went on his way, on last Tuesday for a general holiday, to be spent with his Uncle John Day, up on the creek of Frozen, the place which he has chosen, together with his cousin, to singe fish by the dozen.

The attention of the road overseers on the road between this place and Maytown, is respectfully called to the condition of their respective districts, and an appreciative people hope soon to see the road in at least passable condition.

Hardin Smith, who is in our jail under a fine for tipping, and Liz Stricklin, widow of Pate Stricklin murdered by Floyd Williams, who is also in jail under indictment for complicity with Williams, were married in the county jail last Thursday.

Felix Cockrill, the negro fiend, was arrested in Breathitt county last week, and was sent to jail without bail, by the examining court last Saturday. We mentioned the case in last week's HERALD. Thus mote it be, and the better part in the sweet bye-and-bye.

Prof. N. B. Hays, whose school has just held its commencement exercises, has been employed to conduct many of the teachers' institutes in the surrounding counties, and a better choice could not have been made by the superintendents who were so fortunate as to secure his services.

We mentioned last week that David Morse had made the coffin for Mrs. Nathan Day, but we should have stated that he assisted Green Ward, of this place to make it. Mr. Ward was employed to do the work, and employed Mr. Morse to assist him. We make this correction in justice to Mr. Ward, as his many friends doubtless thought it strange that another should be credited with his work.

The wife of Joseph Desha, Nickell, of Caney, in Morgan county, died at the residence of her husband last Friday morning. She was a Christian lady, having been a member of the Christian church for a number of years. She was the mother of 21 children, 17 of whom survive her. Rev. J. T. Pieratt preached her funeral on Saturday morning at 10 o'clock, and the burial was witnessed by a large assemblage of her friends and relatives.

Two of our citizens, Judge G. B. Swango and Hon. W. O. Mize, who employed Prof. Hays to teach the public school at this place last fall, stand responsible to that gentleman for a deficiency of \$115.40, unpaid by the patrons of the school. The citizens should come forward promptly and help these gentlemen pay the amount. It is certainly not just nor right for the parties reaping the benefits of the school to shirk their part of the expense.

Henry Godsey cut his foot very badly with an ax about 10 days ago, and has been partially confined to his home since, though, for the sake of harmony, he did take part in the drama at the entertainment on Thursday night last, and "Pepper" delighted the audience with his negro comicisms. His dialect in this special role he would doubtless make a national reputation, but Hazel Green would be both to spare him, as all like him and hope soon to see "Richard himself again."

## The State Teachers Association.

How can we better celebrate the 4th of July, 1885, than by a grand demonstration of our enthusiastic devotion to the sacred cause of "Public Education?" The S. T. A. is the organized representative of this greatest of works, one which can never become a "Lost Cause" so long as the more than 1200 intelligent schoolmen and women who are actively interested in the S. T. A., are faithful to their high trust! The next meeting of the S. T. A. is to be in Lexington, Ky., July 2nd-4th inclusive. More than 75 counties have promised delegations. Teachers, show your strength! No opposition can withstand the united efforts of the 1200 who have resolved not to rest until Kentucky stands fully abreast the most advanced in this enlightened age. Every man and woman whose name appears in the "Proceedings" of the next meeting of the S. T. A. is to be held in memory by Kentuckians for many generations! Schoolmen and women resolve to make the self-sacrifice needed to enroll your names in this noble army warring against vice and ignorance! Be with us July 2-4! See! The railroad companies have nobly responded to our call! The people of Lexington have tendered to you greatly reduced rates of living! Every intelligent lover of Kentucky observes you! Do you love the children? Strengthen their love for you by responding to the call the times make upon you for devotion to "our cause." 5000 programmes—send for a copy and get ready for the work. Send for "Proceedings" of last meeting, to understand the tread of affairs. Christian teachers, pray that we may understand our duty and dare to do it.

ROBT. D. ALLEN,

President State Teachers' Association.

Fernside, Ky., May 10, 1885.

Campton High School—Closing Exercises.

Your correspondent, by special request, attended the closing exercises of the Campton high school last week, of which Prof. A. F. Byrd is principal. Owing to the fact that they have no school building sufficient to accommodate the people, the court house had been obtained and ample preparations made for the entertainment. Friday morning by 9 o'clock the large court house was packed to its utmost capacity, thereby showing the strong hold the professor has upon the people. The exercises were opened by singing and prayer by Rev. W. L. Stanger. The declamations and essays were all that could have been desired. To mention each one in turn and speak of their respective merits, would take more time than I have and require more space than you can give up. Mrs. James Hall presided at the organ and performed her part well. S. S. Combs, Z. T. Hurst and others deserve great credit for the untiring interest they took in the closing exercise of the school. The annual address was delivered by Rev. W. L. Stamper, of Maytown, Ky. Prof. Byrd is a self made man and deserves great credit for his wonderful achievements. He is one of the young men of the mountains who will be seen and heard. Campton has honored herself by the establishment of a high school that promises untold good to the people of Wolfe and adjoining counties. DUSTER.

We have in THE HERALD office a compositor who is perhaps the most remarkable type-setter known. We speak of Mr. H. C. Herndon, who has been setting type since the 20th of March last. Some time last summer he had the curiosity to know if a buzz saw was running—it looked so smooth—and put his hand upon it to caress it, when lo, 3 fingers and a thumb were cut off in a twinkling. He now holds the "stick" in his right hand, and picks up the type with his left, setting an average of 4,000 ems a day. He also distributes, and instead of holding the type with the "nick" up, he holds it in his right hand "nick" down, and distributes with his left, the type coming to him the same as to an ordinary compositor with the "nick" up. We have dubbed him our Chinese compo, and put him against the field for the time he has worked. If any other office in the United States can produce his equal they will please communicate with us.

Their efforts were crowned with great success. Thirty-nine members were received into the church, eighteen of whom were baptised by effusion. All I can tell him about that is, the ladies say I have never lost any of my sweetness from the earliest period of my existence down to the present time. J. M. Murphy, of Grassy creek, and deputy clerk of Morgan county, was in town last week. He says he is a standing candidate for matrimonial honors.

He further says he has written and made a declaration of love to every girl in the country, and, as yet, has received no answer. Now he wants to know who will be the first to come forward and respond.

Marshal Day and Jesse Oldfield have returned from West Virginia, having in custody Buck Caywood who, some years ago, gave Oldfield's sister poison that resulted in her death; for which Caywood was sentenced to the penitentiary for eleven years. He took an appeal from the lower court, and while his case was being disposed of by the court of appeals, he broke the Mt. Sterling jail and fled to West Virginia, where he has been ever since. In the meantime the court of appeals confirmed the decision of the lower court. Marshal Day, who is always on the lookout for violators of the law, heard of his whereabouts and forthwith arrested the young blood, and left him for a time with "Uncle Cuth" Stephens at Mt. Sterling. The marshal gets a reward of one hundred and seventy-five dollars. The marshal deserves great credit for this arrest. DUSTER.

Caskey & Pieratt, merchants of this place, were not born with silver spoons in their mouths, but notwithstanding this fact, they are now giving away a silver plated spoon to every purchaser of a three-pound bar of "Ideal White Soap."

The soap is the very best for both laundry and toilet purposes, is only 81 cents per pound, and you receive as a present with each bar, a silver plated spoon which you could not, perhaps, buy elsewhere for less than 50 cents. How they can afford it is a mystery, but they do it all the same. It is in a measure due to advertising in THE HERALD.
